[COMPLIANT] Strict Compliance with EPF, ESIC, GST, Labour Laws & Minimum Wages

1. Armed Security Guards

PSARA CERTIFIED

Government-licensed armed guards trained in firearms safety, perimeter guarding, high-risk asset protection, bank vault transfers, and industrial gate management.

2. Personal Security Officers (PSO) & Bouncers

VIP PROTECTION

Elite close-protection officers and bouncers trained in defensive tactics, VIP escorting, crowd de-escalation, and high-profile event safety.

3. Industrial Plant & Factory Security

HEAVY INDUSTRIAL

Comprehensive plant security protocols including material in/out registers, theft prevention, labour conflict mitigation, and emergency evacuation drills.

4. Corporate Facility & Property Management

COMMERCIAL / IT

Integrated concierge, front-desk access control, housekeeping coordination, visitor logging, and building management services.

5. Event Security & Crowd Management

LARGE-SCALE VENUES

Security architecture for concerts, conferences, trade exhibitions, and private gatherings with metal detectors, bag scanners, and rapid response units.

6. 24x7 CCTV & Surveillance Monitoring

ELECTRONIC DEFENSE

Centralized live monitoring, motion alert triage, remote video guarding, perimeter intrusion detection, and incident forensic reporting.

A. Recruitment & Stringent Background Verification

- Mandatory police character verification from district authorities prior to onboarding.
- Thorough Aadhaar and antecedent verification, physical fitness testing, and medical screening.
- Preference given to Ex-Servicemen, paramilitary personnel, and licensed civilian guards.

B. 160-Hour Comprehensive Training Curriculum

- Physical drills, unarmed combat (Krav Maga and martial arts fundamentals), and fire safety.
- First Aid, CPR, and automated external defibrillator (AED) emergency medical protocols.
- Access control software, CCTV operation, visitor management, and biometric validation.
- Soft skills: polite communication, conflict de-escalation, and corporate etiquette.

C. 24x7 Surprise Night Inspections & Field Audits

- Mobile patrol officers conduct unannounced post audits 24 hours a day, 365 days a year.
- Real-time GPS tracking and biometric patrol check-in logs submitted to clients weekly.
- Dedicated Field Officers assign relief personnel within 30 minutes for zero-gap duty.

ENTERPRISE CLIENTELE & TESTED TRUST

IMS Security is proud to protect some of India's largest steel manufacturers, mining sites, public sector undertakings, and corporate headquarters including TATA Steel, SAIL, JSPL, NTPC, BCCL, Jharkhand Police events, and prestigious residential townships.

Client Retention Rate: 98.4% | Average Contract Longevity: 6+ Years
